

# The Infant Informative

Friday 15th October 2021

Issue 06

## Pic of the week!

**THIS WEEK**

Adding using manipulatives

- Reception have been exploring Autumn by going on a 'Signs of Autumn walk' in our forest. They also took part in hedgehog printing, colour mixing and talking about harvesting food. The children used scales to measure weight and learnt about our whole school acorn rewards system.
- This week year 1 have been finding out all about Autumn. We went on an autumn hunt and used our senses we have learnt about in Science to write Autumn poems. In Science we focused on our sense of taste and smell. We had to guess the smells and had a taste of things that were sweet, salty, bitter and sour. In Geography we drew maps to represent towns and the countryside. In Maths we have been finding the 'Friends of Ten' number bonds.
- Year 2 just loved reading about the adventures of Sir Charlie Stinky Socks and retold the story in their writing books. Kristina Stephenson has quickly become one of Year 2's favourite authors! They have been exploring the hundred square, looking at patterns and understanding how to add multiples of ten to a 2-digit number. We are all looking forward with great excitement to travelling back in time next week on our special Castle Day!

## Week six

Week six, really? This term just seems to be flying by! We have had a thoroughly busy final full week at CRI - from Harvest Festival assemblies, visits from St. Paul's Church and the nursing team in to administer immunisations to some of our children. Next week will continue to keep busy with further visits from the Surrey fire team, castle day for Year 2 and school photos!

In other news, I have had a lot of parents asking about the survey we sent just before the summer regarding a school nursery. We are working closely with the council and hopefully will be able to give you some more information when we get it.

Annoyingly, we still have some parents driving onto the school site. To be clear, unless invited onto the premises by a member of staff (to collect a child or helping with PTA events) then you should not enter the site through any green gate by car. Without exception. This safeguards all of the children at our school which is always our main priority.

As always, please continue to check your Parentmail and our website for any updates.

Have a lovely weekend and we look forward to seeing the children for their final four day week on Monday.

Boshea  
Mr O'Shea

## DIARY DATES

- Year 2 castle day 20/10
- Individual school photos 21/10
- End of term 21/10 - collection at the normal time.
- New term begins 03/11

# a little more...

## FOREST SCHOOL

Reminder: On your child's forest school days they must come into school with a pair of wellies (not trainers), along with their normal school shoes to change back into. Dates for forest school can be found on our website.

Children should only have one small keyring attached to their bookbag, this allows them to fit comfortably in children's trays.

## ATTENDANCE

Children who attend school regularly are given the very best opportunity to benefit from the learning in school. To this end we will do all we can to encourage parents/carers to ensure that the children in their care achieve maximum possible attendance and that any problems which prevent full attendance are identified and acted on promptly. It is the parents' responsibility to ensure that their child attends school regularly.

Our attendance policy and additional information regarding school start times and registration can be found on our website. Click the symbol to the right to access this webpage.

# NHS

Your child should not come into school if they have any of the following symptoms:

HIGH  
TEMPERATURE

NEW  
PERSISTENT  
COUGH

LOSS OF  
SMELL

LOSS OF  
TASTE

In Surrey there has been an increase of 63% in positive COVID cases. If you are in any doubt about your child's health including a cold, vomiting, diarrhoea and being 'under the weather' we recommend seeking a PCR test (at a testing centre). Tests are readily available at walk in and drive in centres with results turning around within 12/24 hours. These are always free of charge. We strongly encourage all families to regularly test (twice weekly) the whole family including young children, as there have been many cases in Surrey of children and adults being positive with COVID without any symptoms whatsoever.

## Reminder

We finish for our half-term break on Thursday 21st October at the normal dismissal time. Children return to school on Wednesday 3rd November.

Just guess how many creepy crawlies are in the 1 litre jar. Put £1 in an envelope with the following info on the front of the envelope:

CHILD'S NAME  
CHILD'S CLASS  
NUMBER OF CREEPY CRAWLIES

**PTA**  
**WIN A HALLOWEEN  
PRIZE BUNDLE!**

Put the envelope in the green PTA postbox by Wednesday 20th October. The closest guess wins the prize!

Louise will be in the playground at pick up on Monday with the jar so you can all take a look.
