The Sporty Informative

Friday 30th June 2023

Issue 36

Congratulations to all the incredible children for their exceptional performance at today's Sports Day! The enthusiasm and sportsmanship displayed by our talented athletes were truly remarkable. A special shoutout goes to the outstanding Yellow Team for their exceptional efforts and for clinching victory. Well done, Yellow Team! I would also like to extend my heartfelt appreciation to the parents and guardians who graced the occasion and cheered on our budding athletes. Your presence and support added an extra dose of excitement and encouragement for the participants. Thank you for being an integral part of our school community!

In other news, we kindly request anyone who has a stroller or pushchair in good condition to consider donating it to our nursery. Please reach out to our office if you have any items to contribute.

A gentle reminder: our school remains a nut-free environment to ensure the safety and well-being of all our students. We kindly request parents to refrain from packing any nut-based snacks or meals for their children. Let's work together to maintain a healthy and inclusive environment for everyone.

Lastly, as we gear up for our exciting Summer Fair tomorrow, we kindly ask parents to prioritise walking to the event rather than driving. Parking can be limited, and walking not only promotes a healthier lifestyle but also reduces traffic congestion in the vicinity. Your cooperation will greatly contribute to a smooth and enjoyable experience for all. See you tomorrow, Mr O'Shea :)

TRICK BOX

Breathing Colour

Helps us to breathe correctly through the nose to achieve a more relaxed state.

Mirror Mirror

Speak about the positive things you can say or do.

Win Win

Think - how can we both win?

Big voice

Use your 'big voice' and believe in yourself.

Floating Cloud

Tense your body and then release, so that you can feel the difference in your body.

Sunny side

When something seems bad, find a sunny side

Big No

Think - sometimes you need to say No.

Stand Tall

If we feel worried, nervous or scared, we can Stand Tall and say 'I can do it'

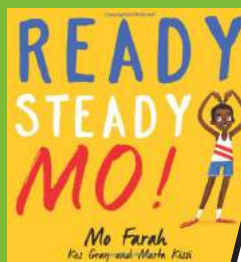

Magic Circle

Make a magic circle with your thumb and finger.

A message from our Assistant Headteacher Miss Saunders

"Get ready to join the incredible Mo Farah on an exciting running adventure in 'Ready Steady Mo!'. Follow Mo as he races through lively landscapes, overcoming obstacles and discovering the joy of perseverance. This inspiring book will inspire kids to chase their dreams and believe in their own abilities!"

This week in early years, we have...

NUR

This week we have continued with our **Mrs Armitage on Wheels book**. We have enjoyed threading our own 'wheels' using wool and a paper plate. Some of the children were really enjoying the measuring tape in the bike repair shop, so we got found other measuring equipment for the children to try out, like metre sticks and a trundle wheel. We've had great fun measuring things in our outdoor area.

In Forest School on Wednesday, we had our own colour hunt! The children worked in pairs to search for objects of different colours, then weaved the leaves, twigs and petals in between the bands on their colour boards. Last but not least, our oldest children had their transition time this week, going up to visit Reception, before they join in September. They all had a lovely time and enjoyed exploring their new classrooms. We are so proud of them!

REC

Our story of the week has been **You can't fit an elephant on the bus** where we have focussed on all things transport.

We have learnt about many different forms of transport and have investigated these. We loved learning about road safety, creating our own road with traffic lights, crossings and road safety officers.

We also looked into the history of trains and investigated how to make a car go faster down a ramp.

On Tuesday we all went up to visit our new classroom and teachers, we had a wonderful time and all came back with smiling faces.

We all had fun on our first sports day and loved taking part in the activities.

E
A
R
1

What a week of excitement and change! The children loved finding out their new classes this week and thoroughly enjoyed meeting their new teachers. In maths we have started learning about the passing of time. We have looked at the terms before and after and then moving on to remembering days of the week and months of the year. In writing we have been learning the prefix 'un'. Our focus story was called **Mr Un** and the children had great fun creating their own stories where Mr Un was unhappy, ungrateful and untidy. In History we found out about Grace Darling who lived in a lighthouse and rescued 9 people from a shipwreck in a storm. The children found her story fascinating and heroic. To end the week the children finished sewing and decorating their puppets and took part in sports day. The puppets are looking brilliant and all the children put in lots of effort and enthusiasm for all the activities they competed in during the day. Well done to them all! We are so proud of year one and their incredible sportsmanship today.

Year 2 have been incredibly excited for sports day this week. We have practiced all our activities and have enjoyed cheering our team mates on. In English we have written from the perspective of a soldier staying in Scutari writing to their family about the changes in the hospital since Florence Nightingale arrived. The children wrote so descriptively and thought carefully about the purpose of the letter. In Maths we have revisited position and direction using the language of clockwise and anticlockwise. In art we have carried out observational drawings of plants focusing on shading using the skills we have built up over the past few weeks. They look great! The NED visit this week was incredibly engaging, the children keep referencing NED's positive message. In history we have learnt about the amazing Mary Seacole, a woman who used her own earnings to create 'The British Hotel'. A place for soldiers of the Crimean war to rest and be healed. Her determination to help others no matter the challenge is truly inspiring. In Science we searched for the crustation woodlice. We investigated the microhabitats they live in and the conditions they are best suited. Did you know woodlice have gills?

The School Nursing Team

Dear Parent/Guardian,

The school nursing service are running three online sessions on school readiness in September 2023 for parents of reception and year 1 children. The sessions will cover toileting, sleep routines and healthy lifestyles.

These sessions will be held virtually via Microsoft Teams on the following dates:

Tuesday 5th September: 2.00 – 2.45pm
Thursday 14th September: 09:30 – 10:15am
Monday 18th September: 4.00 – 4.45pm

If you would like to join, please email this address csn.schoolnurseadmineq@nhs.net with the following information.

- Name of School.
- The date you would like to attend.

Once you have emailed our team, you will then receive a Microsoft Teams link to log on to the session near the time.

Yours sincerely

The School Nursing Team.
