# Welcome to The Infant Informative

Friday 15th **MARCH** 2024

Issue 24

Ramādān  
Kāreem

Click here to thank a member of staff

For those celebrating Ramadan, I hope you have enjoyed the start of this very special time of the year.

Year One loved their school trip on Wednesday to Milestones Museum. The children learnt so much and had such fun dressing up and walking around a very old fashioned town complete with a pier and little shops. They were so impeccably behaved, even members of the public commented on their wonderful behaviour. Our children weren't so impressed with the behaviour of some other schools! Well done, children. You are a credit to our school. We couldn't have gone without the amazing help of parent volunteers, you were and are, wonderful. Thank you to the staff too for keeping the children safe and making the trip so enjoyable.

You may have noticed that our school scooter and bike park has had a makeover. The Surrey Tree Wardens, a volunteer group of lovely local people have started to clear the site, free from dead wood, overgrown bushes and brambles. Please do make use of the park. We are going to start something special in the summer term around scooter permits and your own access to the scooter park. Watch this space!

Do you have any spare uniform at home that we could use at school when children have toileting accidents? If you do, we would gratefully receive them through our school office. We need joggers especially, and would also like spare underwear and socks. Thank you in advance!

Have a wonderful weekend. Mr O'Shea :)

## GOLDEN LEAVES

| Class name | Child's name | Comment   |
|------------|--------------|---|
| Diamond    | Leila        | For being so focused during carpet time                             |
| Ruby       | Ethan        | For being so resilient!   |
| Topaz      | Amelie       | For always being ready and using her phonic skills in every lesson! |
| Amethyst   | Archie D     | For amazing problem solving skills in maths                         |
| Emerald    | Dhylan       | Super effort creating your own exclamation sentence                 |
| Sapphire   | Alice        | For making such an effort with her English work                     |

### OVERALL WINNING CLASS:

RUBY

### A message from our Assistant Headteacher - Miss Saunders

Inspired by British Science Week which we have had a great time celebrating in school, this week's recommended read is linked to the theme of time. I have chosen 'When the Whales Walked' which is a beautifully written non-fiction book which explains evolution and how animals have changed over time in a novel and captivating way.

TRICK BOX

We use Trick Box everyday at school. It teaches children to regulate their own emotions and become their own problem solvers. We have a new 'trick' every two weeks for Reception and KS1 children. Nursery have similar 'habits' to learn too. Press the Trick Box logo to the left to navigate to our website with all of the information you will need to practice these tricks at home too.

## DIARY DATES

- British Sign Language Week - W/B 18th March
- **Class group photos** - Tuesday 19th March
- Year 2 Samba workshop - Monday 25th March morning
- Selected Year 1 Children @ Collingwood College for a TAMAT singing event (more info to follow) - Tuesday 26th March @ 18:00 - 19:00
- Reception Easter Bonnet Parade - Wednesday 27th March - Reception parents to watch from 13:00, more info to follow
- End of Spring term - Wednesday 27th March @ 13:30

# Big walk and wheel

Dear Parents/Carers,

We have some exciting news for you! We are taking part in the 15th year celebration of Sustrans Big Walk and Wheel, the UK's largest inter-school cycling, walking, wheeling and scooting challenge. The challenge runs from 11-22 March 2024. It's free to take part and we would love everyone to be involved.

## What do you need to do?

Encourage your child(ren) to walk, use a wheelchair, scoot or cycle to school on as many days as possible during the event.

## Including everyone

We want to make sure that everyone can get involved in Sustrans Big Walk and Wheel.

We know it may be more difficult for some pupils to take part than others. If you want to discuss more about your child(ren)'s specific needs, please contact your child's class teacher and we will make sure to look into how your child(ren) can take part.

## Why we are taking part?

Sustrans Big Walk and Wheel is a great way to build physical activity in children's daily routine which is important for their physical health and mental wellbeing.

Active school runs also help to reduce congestion and air pollution outside the school gate. A 2021 YouGov study showed nearly half of UK children worry about air pollution near their school. And that children thought active travel was the best away to bring down these pollution levels.

Plus there are some great prizes to be won every day if we get enough children taking part!

## Useful resources

To help you prepare, Sustrans has developed a handy free guide to walking, cycling or scooting to school. It is packed with advice to help you have hassle-free journey to school.

Download your free family guide using this link: <https://www.sustrans.org.uk/sign-up-to-receive-your-free-school-run-guide/>

For more information about the event go to [www.bigwalkandwheel.org.uk](http://www.bigwalkandwheel.org.uk) . Enjoy the challenge!

Best wishes

Miss E Saunders

# This week in early years, we have...

NUR

The first half of the week, the children enjoyed learning a little more about the frog life cycle, exploring colour mixing to make different shades of green and doing frog races by blowing the frogs through straws!

We've since moved on to reading **Animal Babies** by Martin Jenkins and looking at mummy babies with their young. The children have practiced their matching skills, matching mummy animals to their babies, and observing the similarities and differences between them. We have explored mark making in different ways, using forks in paint to make baby chicks and using pompoms in paint to decorate them.

REC

This week we have been reading the story **"The Tiny Seed"** by Eric Carle. We have explored different types of seeds and looked at where they come from. We have created our own garden centre, selling plants and making items to go in the shop. We have sketched different plants and flowers and written all the items we need for growing.

In phonics our sounds have been ow and oi – we have made flowers, coloured brown cows, made crowns, found coins in the soil, painted on foil and used oil pastels. We also went on a word hunt on Friday – finding and writing words with oi and ow in.

In maths we have explored 3D shapes, naming them, looking at their properties, describing them, seeing 2D shapes appear on them and talking about whether they have curved or flat sides. We used 3D stamps with paint to see which 2D shape they printed and went on a shape hunt around the school.

As it was science week this week, we have read a range of stories to do with growing and change.

# This week in KS1 we have...

Y  
E  
A  
R  
1

How lucky are we? We had an incredible trip to Milestones on Wednesday. We can safely say we have never had a year group who were so impeccably behaved. Even members of the public commented on their amazing behaviour. The children's highlights...the coach journey, lunch and of course, seeing the man reading the newspaper sitting on his outside toilet! We are so proud of each and every child and we will use what we saw in milestones to support our history topic next week.

The children wrote some wonderful stories this week about life in their own homes, using noun and verb plurals for the different activities they do in each room. We have continued our measuring in maths and have learnt to measure accurately using standardised units (centimetres). We finished off the week by carefully following our DT plan and adding wheels and axles to our vehicles. They are now complete and ready for us to test and evaluate next week.

Y  
E  
A  
R  
2

What a jam-packed week we have had! We started off science week with a fantastic experiment exploring time. We created our own pendulums and added varying weight to test if we could get the bob to swing ten times in thirty seconds. We have loved reading a range of texts linked to scientific processes, scientists and researchers as our end of day reading books. In English we have written our own versions of the story **The Egg** using exciting verbs and a range of adjectives and adverbs. In maths we have started a new unit measuring mass using grams and kilograms. We were fortunate this week to have a visit from Bethany from the local church during our RE lesson. She brought lots of objects and visuals to represent what she thinks God is like as a Christian. In Geography we learnt more about what living in Brazil can be like for different people and what the average school day in Brazil is like. We are loving creating our Brazilian carnival masks – we can't wait to show off the finished products.

# PTA

TEAM  
PTA

## Easter Competition

Next week we will have two Easter competitions, design your own Easter Egg and a Guess the number of Eggs in the Jar. Each will cost £1 to enter.

TEAM  
PTA

## Mothers Day

We had a great turn out for the Mothers Day Tea and Cake and would love to do something similar for Fathers Day.

Waiting List Open

Do more. Share more. Be more.

Scouts are do-ers and give-it-a-go-ers. Yes, we go camping, hiking, swimming, abseiling, cycling and canoeing.

But, we also get to hang out with our friends every week - having fun, playing games, working in a team and taking on new challenges.

Sign up to help your young person discover their 'thing': from archery to coding to performance art and everything in between.

To find out more about Beavers (6-8 yr olds), Cubs (8-10.5yr olds) and Scouts (10.5 - 14yrs) please join our waiting list directly.

Interested?
